Lambeau Field

This is what ESPN failed to show you Monday night, Apparently, they thought their commercials were more important than showing this scene for about 5 seconds.

It was a good day for the VETERANS DAY PARADE. Not hot, not cold, not wet and the Sun did not hurt your eye's. There were approximately 2500 people involved with 120 units for the parade. There were many Boy Scout troops present and the R.O.T.C. units were well represented.. They drew a lot of applause from the by-standers.

KWVA CHRISTMAS DINNER December 12, 2013 6:30 PM

NAME THAT VETERAN

Editors Note:

Just wanted to thank all of you for your service and for being an important part of KWVA Chapter #321. I am grateful for all of the Officers that brought this Chapter into being. The volunteers that are leading the Committee's to further the reach of the Korea War Veterans.

As you will notice I am trying to put a little History of what was going on in Korea in each month. If anyone wants to put in some of their experiences for the News Letter for the next month, give it to me a month ahead. I only ask that you use the KISS principle. (Name, Rank, Serial No.). I am not the most computer literate person for this job.

I wish you all a Happy Thanksgiving and remember our Service Men and Women that are out there for us this day.

P.S.- The last picture on page four was what I had in Korea. It did not have the 30 Cal. But did have the 50 Cal. and the wire cutter. Captain Aylward was a WWII combat veteran and had seen men decapitated by piano wire. Best Officer I ever served under. Received his Battlefield Commission From Dwight D. Eisenhower.
